OUR SECOND RELEASE

I'm so happy! This is our second release! But it's still shoujo We're working on presenting you guys with some Shounen but that will have to wait Since uhh We're already working on Sakura Zensen > >

Anyways I'd like to apologize for the terrible image quality But seriously it's not our fault We removed the RAW scans this way And this was the best we could do with them

But the good news is that I heard that the Sakura Zensen Chapter 2 scans are pretty good

I QCed it while listening to Flames by VAST Yes My taste in music is uh weird But! This song is still awesome > >

And like my signature? o I threated my self to that yesterday Took me forever to make QCing this was hell there were like a million mistakes

Plus I'm tired Anyways ^.^

Hope you enjoy the story

It's kind of moe! o

Love,
